

# **BED SCHEDULE - GUESTS, ROOMS & BEDS**

**Guest accommodation for up to 40 Guests in 6 Barns & the Farm House**

TREVENNA

The accommodation for 40 Guests at Trevenna is provided within 6 Barns and the Farm House. A "Site Plan" of Trevenna showing the location of the Barns, the Farm House, Gardens and Parking is available as a download from our website, see bottom of the home page.

Please use this Bed Schedule when planning which rooms you would like your guests to sleep in. This schedule indicates whether bedrooms have a private bathroom and/or on the first floors.

## **NOTES ON ALLOCATING ROOMS TO GUESTS**

Our Bed Schedule sets out the locations in all the Barns and Farm House rooms of double & single beds. Please do not allocate guests into beds that are not actually shown in this schedule.

## **BABY GUESTS**

We have 3 travel cots for baby guests to use. However, parents are required to bring cot bedding. The Bed Schedule indicates in which rooms cots may be used if required. Please only allocate 3 cots across the whole site. Parents would need to bring additional cots if more than 3 cots are required during your stay.

Parents travelling with babies are better suited to the Barns as they have kitchen facilities, including microwaves, washing machines, that are ideal when caring for and feeding your baby guests. There are no kitchen facilities for the The Farm House Rooms and therefore these rooms are not suitable for guests with babies.

## **TIPS FROM TEAM TREVENNA**

The rooms you allocate your guests are entirely up to you. However, we are often asked for our tips and suggestions from our experience on who and what works well. The handwritten annotations to this Bed Schedule are from Team Trevenna, sharing our Know-How with you.

Most couples stay in the Wagon House the night following the Ceremony. The Groom may also stay in here on his own the night before, to ensure he does not see his Bride in the morning!

<b>WAGON HOUSE</b>	Our cute Barn just for two guests. Open plan living with kitchen, lounge and look through real Log Fire to the bedroom. Large private bathroom with deep bath tub and double shower with drench head.

The hand cut beams in the upstairs bedroom are beautiful. A great barn for parents & family members. No pets are allowed in the Granary.

	<b>GRANARY</b>			
	One of the oldest barns with original hand cut beams and exposed stone walls. Open plan living with kitchen, lounge and log burner, with a twin bedroom on the ground floor and a double bedroom upstairs. Large shared bathroom with deep bath tub and double shower with drench head.

We love the large living area in the Shippon. As there are steps up to the bathroom, we do not recommend this barn for elderly or the infirm.

	<b>SHIPPON</b>			
	Large open plan living with kitchen, lounge, log burner, vaulted beamed ceilings, with a double bedroom on the ground floor. Up 3 steps to triple bedroom and large shared bathroom with deep bath and walk in drench shower.

Staying in the Stable is easy, with parking right outside and everything all on one level. The large bathroom was the former Chicken House!

	<b>STABLE</b>			
	The Stable is all on one level with open plan living, kitchen, lofted ceiling and log burner with two double bedrooms. The large shared bathroom has a deep bath tub and sperate drench shower.

Think of the Farm House as a rural local pub with bedrooms upstairs. Ideal for couples & friends who will be sociable to the end! We do not recommend allocating the Farm House Rooms to guests with young children.

<b>FARM HOUSE</b>		The Farm House has 2 double ensuite bedrooms and a triple bedroom with a separate large bathroom (deep bath tub and walk in drench shower), all on the First Floor. Tea & Coffee making facilities are available.
